5. PROCESS DETAILS

6.1 PROCES INPUT

- Training Needs

5.2 PROCESS OPERATIONS

Sr.	Process Cycle Description	Responsibility	Forms
General Principles			
1	Employees eligible for the IDP must have successfully completed their 3 months' probation period.		
2	The IDP will be formulated after the completion of the performance appraisal phase, which takes place during the fourth quarter of each year & reviewed by each relevant manager.	HoD BUH	
3	The IDP should be aligned with the employee's job title, job description, and the company's priorities, needs, and overall strategic objectives & goals.		
4	The manager should outline the reasons for each training course, the expected outcome, and the recommended timeline for completion.	Direct Manager	
5	Each employee should be assigned two training programs per year: one focusing on technical skills and the other on competencies.		
6	Employees are required to attend at least 75% of each assigned training session. Attendance shall be tracked through the LMS.	Employees	
7	Failure to meet this threshold will result in the cancellation of the training and will impact on the employees' performance score.		
8	In case the training course is canceled or postponed by the trainee or his/her department, L&D Team shall be notified by HoD/BUH at least one week prior to the course date, demonstrating the reason for the apology or postponement by email.	HoD BUH	
9	If training programs are canceled or postponed by the training provider, L&D Team will notify the trainees by sending an e-mail.	L&D	

	Learning & Development Process		
	Effective Date: May 2026	Rev. No.: 01	Doc. No.: P-HR-02

Sr.	Process Cycle Description	Responsibility	Forms
10	The employee is not entitled to any leave or overtime compensation when attending training courses outside the official working hours/days.		
11	Employees shall be permitted to register for only one round and shall not be allowed to enroll in multiple rounds for the same course.		
12	Employees enrolled in certification programs or international examinations that require a minimum passing score are expected to successfully achieve the official passing score of the respective exam. If the employee does not pass the examination, he/she shall bear the full cost of the certification and/or examination fees.		
Evaluation of Training Providers			
13	L&D communicates with different training service providers to implement scheduled training and updated training plan. Accordingly, a comparison sheet is carried out to select potential service provider considering the budget, delivery time, portfolio & historical achievement, and performance with the company, if any. Refer to Evaluation of External Providers Process.	L&D	Service Provider Comparison Sheet F-P-HR-02-09 Service Performance Evaluation F-P-PR-02-07
Cycle & Approvals:			
14	Following the issuance of the Q4 performance appraisal results from the current year, the Direct Manager and the employee, in coordination with the Head of Department/Business Unit Head, shall identify the development areas for each employee within their department.	Direct Manager HoD BUH Employee	MOM F-P-QD-06-02

	Learning & Development Process		
	Effective Date: May 2026	Rev. No.: 01	Doc. No.: P-HR-02

Sr.	Process Cycle Description	Responsibility	Forms
15	The L&D Department shall send official announcement via email notifying all departments/projects that the IDP submission window is open and that submissions will be made through the LMS. From the date of this announcement and within 4 weeks, employees shall submit their requests according to the outcome of the performance evaluation and Direct Managers shall approve their IDPs.	L&D Direct Manager	LMS
16	Each IDP shall clearly state: • What areas need to be improved (professional & personal competencies)? • Why is the selected development area necessary, how it will enhance the employees' capabilities, and how it is expected to contribute to departmental performance and the achievement of the organization's strategic objectives? • How the development area will be implemented, including the preferred training provider, vendor, or platform in the case of online courses • When the development activity will take place, including the preferred timing, the employee's availability and commitment.		
17	The IDP must receive final approval from HoD/BUH and shall be subsequently validated by the L&D function.	HoD BUH L&D	
18	For irrelevant training requests that fall outside current prioritization scope, L&D schedules a validation meeting with the relevant HoD and/or BUH to clarify the need and determine whether it can be prioritized for approval. If alignment is reached, the training request is approved and if not, the HoD and/or BUH is notified that the request was not approved.	L&D	

	Learning & Development Process		
	Effective Date: May 2026	Rev. No.: 01	Doc. No.: P-HR-02

Sr.	Process Cycle Description	Responsibility	Forms
19	Upon receiving the IDP, the L&D team shall verify the employees' eligibility for the proposed development activity and prepare the training budget based on the previous year's budget analysis and the current year's strategic priorities and business requirements.	L&D	
20	The L&D Department shall design the annual training plan by determining the number of employees per course, the number of rounds per course, internal trainer capacity to assess the feasibility of internal versus external delivery, and trainer costs.	L&D	
21	Learning & Development Team shall contact and coordinate with external parties to implement the training courses in the plan. They are also responsible for preparing and organizing these courses and following up, whether they were implemented inside or outside the company, and determining the dates and locations of the courses.	L&D	
22	Upon finalizing these parameters, L&D shall develop, finalize, and upload the trainings including course structure and modules, group divisions where applicable, scheduled dates and time slots, number of rounds, trainer details, and location and mode of delivery. The LMS will then notify employees of the assigned rounds, and employees may register directly through the system.	L&D	LMS
23	One week before the implementation date of any training course, L&D Team shall notify the candidates by email with the date, duration, and location of the training.	L&D	
24	If the timing of the round is not suitable, the employee may register for the next available round. The LMS shall also notify the employee if the selected round is the final opportunity to register.		
25	Employees may withdraw their registration no later than five (5) days before the scheduled start date of the round and may then register for the next round.		

	Learning & Development Process		
	Effective Date: May 2026	Rev. No.: 01	Doc. No.: P-HR-02

Sr.	Process Cycle Description	Responsibility	Forms
26	Upon completion of the training course, L&D Team receives a copy of the trainee's training course completion certificate and a copy of the scientific material from the trainee/training provider (if possible) for safekeeping in the L&D department, and a copy of the certificate in the trainee's file.	L&D	
27	For promotion-related goals or additional training requests not identified in the initial phase, the request shall be initiated by the Direct Manager through the LMS and approved by the Head of Department.		LMS
28	The cost of any training shall be allocated to the requested department / project budget.		
29	If the course cost exceeds EGP 50,000, the employee must sign a training commitment form, which shall become valid and enforceable as of the program end date, holding the employee liable.		Training Commitment Form F-P-HR-02-08
30	If an employee who has signed a training commitment letter resigns or their employment is terminated, they shall be liable to repay the unamortized portion of the total course cost as per the training commitment form.		Training Commitment Form F-P-HR-02-08
31	Upon completion of the external trainings beard by the employee, a soft copy of the certificate shall be sent to the L&D team for record-keeping and uploading to the LMS.	L&D	LMS
32	L&D team shall collect post-training feedback from all participants through structured surveys administered via the LMS. These surveys are designed to evaluate training effectiveness, content relevance, delivery quality, and the applicability of acquired knowledge to the employee's role.	L&D	LMS
33	Three months following course completion, the LMS shall automatically notify the employee's Direct Manager to review the employee's progress, assess the application of acquired skills in the workplace, and provide feedback to the L&D team for continuous improvement of training programs.	L&D	LMS

	Learning & Development Process		
	Effective Date: May 2026	Rev. No.: 01	Doc. No.: P-HR-02

Sr.	Process Cycle Description	Responsibility	Forms
34	Exception: Any exception to the provisions of this process shall be permitted only after obtaining approval from the relevant Business Unit Head/Department Head. Such exceptions must be supported by a full and documented business case, which shall be submitted to the Head of Learning & Development for review and HR Manager for approval.		

6.3 PROCESS OUTPUT

- Successful and effective training for employees

6. PROCESS RISK ASSESMENT
