Sr.	Process Cycle Description	Responsibility	Form
1	Tendering department shall involve the Fleet department during tender stage to ensure that the study is structured on rational basis according to market price.	Tendering	
Strategy:			
2	Project Manager in coordination with the Projects Control shall send the Fleet Requirements Schedule to the Fleet Department to determine the cost, within 7 working days after Tender Handover Meeting/Initial Budget Meeting.	PM Projects Control	Fleet Requirements Schedule
3	Budget zero shall be updated accordingly, if needed. Refer to Project Launching Process (P-TN-02).	PM	
4	Fleet Department Manager shall develop a strategic plan to determine the annual vision of the department to work on providing, planning, and organizing safe and appropriate means of transportation that are in line with the company's general policy with the lowest possible cost quality standard.	Fleet Department Manager	
5	Updated monthly plan for all vehicles and trucks shall be prepared by the project to be sent to the Fleet Department.		
6	Department cost data demonstrating inflation or any price changes to be analyzed quarterly, semiannually & annually then submitted to VP.	FSH	
Registration Process:			
7	Registration & evaluation of the service providers & subcontractors shall follow the "Evaluation of External Providers Process (P-PR-02)".	FDA	Initial Evaluation Form F-P-PR-02-04
8	Companies & subcontractors shall be categorized, and their registration documents (Commercial registration, tax registration, bank letter, etc.,) shall be received and sent to Finance for coding.		
Contracts:			
9	Legal Affairs shall review issued subcontracts annually and if needed. Subcontracts to be signed by Fleet Department Manager & VP. An addendum shall be issued upon the price list, signed by FDA, FSH, Fleet Department Manager & COO.	Fleet Department Manager Legal Affairs FDA	Transport Contract F-P-LO-01-05 Car Rental Contract F-P-LO-01-06 Fuel Contract F-P-LO-01-07

 ROWAD MODERN ENGINEERING	Logistics Process		
	Effective Date: May, 2024	Rev. No.: 00	Doc. No.:P-LO-01

	Price list to be updated quarterly based on the comparison sheet and approved by VP. At least one new competitive vendor to be added to the approved vendor list on annual basis, to start the contractual cycle.		Service Provider Comparison Sheet F-P-HR-02-09
Car Requests:			
10	Personal Car Requests: Car Request is received from HR, determined as per personnel contract or as per work requirements.	HR	Company Car Request F-P-LO-01-01
11	The category and allocation department of the expense is determined.	HR	
12	The final selection is presented to the Fleet Department Manager for review and approval complying with the approved specs.	Fleet Department Manager	
13	The car is received from selected rental office, then examined and a tracking device is installed prior to handing over to employee.	GTS FRO	Vehicle Handover Form F-P-LO-01-02
14	In case of Personal Car Requests (With Driver): Route must be mentioned to determine the cost rate. Extra charge will apply in case the day exceeds 12 hours.	FRO	
15	Special Requests: Rental Officer shall determine the rental price offers for selection of most suitable according to Rowad's quarterly price list in case Rowad's owned car is not available.	FRO	
16	Pool Car Request: Requesting department shall send pool car request via an email stating mission direction/location 24 hours prior to mission date.	GTS FAS	
17	Circulation Lines/Site Service Requests: The request is received via e-mail, specifying what is required of a location, site service, a group (mentioning the number of individuals) & means of transportation (microbus/minibus/bus).	PM STS	
18	The subcontractor is determined by FRO & FSH based on the submitted quotations compared to Rowad's price list and then presented to the Fleet Department Manager for approval. Price List limit shall be approved by VP at the beginning of each year.	FRO FSH Fleet Department Manager	
19	Circulation Lines/Site Service Implementation Procedures:	Site HSE Officer	Passenger Vehicles Inspection Checklist

	Logistics Process		
	Effective Date: May, 2024	Rev. No.: 00	Doc. No.:P-LO-01

	Receiving cars from rental offices after conducting a complete inspection of the car and approving it in conjunction with the occupational HSE Officer on site.	STS	F-P-SF-01-21
20	Handing over the car to the Movement Supervisor on site, clarifying the operating procedures and regulatory rules.	STS	
21	GTS, FRO & FSH shall notify the STS with the vehicles (owned- rental) along with all the related details.	GTS FRO FSH	

GPS Section:

22	GPS section in coordination with authorized agent with ETIT to activate the devices, & procedures shall be taken to make sure the correct functions of the devices are working.	GPS Section	
23	Installation of the tracking devices for the company cars and rented vehicles without drivers.		
24	GPS Section shall follow-up on the timing of periodic maintenance of the owned cars and notify Equipment department, car drivers and the central workshop.	GPS Section	
25	GPS Section shall calculate the distances traveled outside of working hours for cars designated for personal use and reviewing them with the Head of the Light Transportation department and notify HR.	GPS Section	
26	Drivers' timesheet & overtime is calculated based on the GPS report to be approved by Fleet Section Head then sent to HR.	GPS Section	

Traffic Violations:

27	GPS Section shall follow-up violations exceeding (speed/lanes) specified for each vehicle, reviewing the movement routes for each vehicle to determine the shortest route to save time and fuel and reduce vehicle depreciation rates.	GPS Section	
28	GPS section shall inform the vehicle user of the amount of his/her violation fine.	GPS Section	
29	Vehicle user shall review the fine within 3-4 working days, then it will be deducted from his/her salary by installments (if requested) with the maximum amount of 10% of his/her salary.	Vehicle User	
30	In case of Department Manager's drivers, concerned Department Manager shall review the driver's violations to either deduct from the driver or settle the violation amount.	Department Manager	

Fuel Cards:

	Logistics Process		
	Effective Date: May, 2024	Rev. No.: 00	Doc. No.:P-LO-01

31	SFO shall coordinate with fuel companies to issue fuel cards for each vehicle and to be renewed & when needed.	SFO	
32	SFO shall monitor vehicles consumption vs traveled distances in coordination with fuel entity.	SFO	
33	Fuel cards shall be charged on daily basis if needed according to the car's consumption.	SFO	
34	SFO shall review any increases in the rates of consumption of any vehicle with the FSH to coordinate with the central workshop to find out the reason.	SFO	
35	SFO shall prepare all monthly reports and data on consumption rates (diesel/petrol) for owned vehicles and submitted to FSH.	SFO	

Insurance & Repair Steps:

36	Contractual procedures shall be taken by FAS to ensure that the company's fleet is insured and follow-up with insurance companies in the event of an accident according to the contract.	FAS	
37	Taking action to change tires and batteries of owned cars with specialized companies and in accordance with the specified standards.	FAS	
38	In case of repairs outside the insurance policy, Equipment department shall handle the repairs of owned cars and FSH shall coordinate repairs of the rented cars under the subcontractor's cost.	Equipment FSH	

Licensing:

39	GAO shall carry out licensing procedures for new cars. Follow-up on the issuance/renewal of licenses for owned cars by the company and subsidiary companies.	GAO TGS FSH	
40	GAO shall obtain clearance for violating cars, and complete all procedures required by the Traffic Department.	GAO TGS FSH	

Heavy Transportation:

41	Heavy Transportation Requests: Requesting department/site shall complete all the data (specifications/type of load/equipment/necessary personnel for loading/unloading) and send it via e-mail to (LT@rowad-rme.com) and the offloading party for acceptance or postponement. Vehicle request shall be sent 24 hours prior to implementation.	PM HoD	
----	--	-----------	--

	Logistics Process		
	Effective Date: May, 2024	Rev. No.: 00	Doc. No.:P-LO-01

42	It is not allowed to modify the request after it is approved by the transportation department, and only cancellation is allowed to avoid fines.		
43	It is the responsibility of the requesting party in coordination with the Equipment department to have an authorized representative at the loading & unloading sites if there are special specifications for the load, to avoid nonconformities to the specifications and returning the load again after the transport is carried out.	Requesting Party Equipment	
44	Transport Follow-up: Transportation department shall inform the loading & unloading party with the specified times of the vehicle's arrival before five o'clock on the day prior to implementation by sending a combined email to all requesting parties awaiting their approvals.	Heavy Transportation	
45	Heavy Transportation shall record the arrival & departure times at both the loading & unloading destinations on the form provided to the driver. (Maximum time for loading/unloading is 4 hours at both sites for rented trucks, 2 hours for company owned trucks).	Heavy Transportation	Proof of Transfer F-P-LO-01-03
46	Heavy Transportation shall determine the type of truck suitable to the type of load to avoid wasting expenses (toll booths-scales).	Heavy Transportation	
47	Any extra cost shall be borne to the receiving party (overnight/delays).		
48	Likewise, for the Purchasing, Formwork & MEP in the event that the vehicle returns without a load or the supplier's party is off, the transportation price will be charged to the requesting department after informing the concerned person.		
49	In the event of any scrap materials or equipment transferred to another site on the condition that they are suitable for work, the transportation cost shall be borne by the requesting party.		
50	All data for each transport is recorded on CRM on a daily basis once execution is completed. The recording of the financial value of each transport, as well as the toll booths' amount is completed after receiving the invoices from the transportation subcontractor.	Heavy Transportation	
Diesel:			
51	Purchasing Diesel: Proceeding with POs based on PRs from the site and distributed among the contracted companies and	Heavy Transportation	

	Logistics Process		
	Effective Date: May, 2024	Rev. No.: 00	Doc. No.:P-LO-01

	setting the prices of supply orders including transportation & VAT.		
52	Requested quantities for each site shall be on Wednesdays and Thursdays of every week to develop a work plan for the following week.		
53	Procedures for testing the safety and quality of the Diesel shall be carried-out by the Storekeeper. In case it is not approved, Heavy Transportation Department shall be informed.	Storekeeper	
54	Inventory receipts are tracked using Oracle, matching the quantities on the receipt vs quantities received by the supplier.	Heavy Transportation	
55	Monthly reports shall be prepared on the site's consumption rates.	Heavy Transportation	
Settlements & Cash Funds:			
56	Personal Cars: Department's Accountant settles the invoices for operating vehicle expenses allocated to engineers and employees at the administrative headquarters on a weekly basis.		
57	Rental Cars: Site Transportation Supervisor shall send the timesheet to the site accountant for review, Site Accountant shall issue the work confirmation for the PM's approval. Fleet Accountant & Rentals Officer shall review & distribute the work confirmation sheet to the subcontractors to issue the electronic invoice. Accountant shall issue a collective claim for VP's approval then sent to Finance to proceed with the payments.		Work Confirmation Sheet F-P-LO-01-04
58	Heavy Transportation: Expenses for the transport operations, toll booths amount, and scales are reviewed, and disbursement requests for each company's dues are made and delivered to the Finance.	Accountant Heavy Transportation	
59	Heavy Transportation shall send the executed Heavy Transportation Invoice to the subcontractor to issue the electronic invoices.	Heavy Transportation	Heavy Transportation Invoice F-P-LO-01-08
60	Monthly invoice to be prepared by Fleet department directed to the requester department for cost allocation. In case the request is done upon the project's request, the requester's department will allocate the cost on the related project after obtaining the approval of the PM & PsM.	Fleet Department	Logistics Monthly Invoice F-P-LO-01-09

	Logistics Process		
	Effective Date: May, 2024	Rev. No.: 00	Doc. No.:P-LO-01

	A collective monthly invoice shall be prepared by Fleet department designated for COO, CFO & VP's sectors then to CEO after their review.		
61	Accountant then shall issue a collective claim for VP's approval then sent to Finance to proceed with the payments.	Accountant
