6. PROCESS DETAILS

6.1 PROCES INPUT

- Results of previous audit reports – both internal and external
- Quality Manual
- Company Processes

6.2 PROCESS OPERATIONS

Sr	Process Cycle description	Responsibility	Forms
1	Audit Scheduling QAM shall prepare a yearly internal audit Program that covers all RME processes within the Quality Management System based on the status and importance of the activity to be audited. Based on past audit results, determines the frequency of audits but as a minimum, all processes/Projects are audited once a year, and every 6 months for sites. Interval between audits may be reduced for certain sites / departments if it was found that they are having major deficiencies in implementing the quality management system requirements.	QAM	Internal audit program F-P-QD-01-01
2	COO shall review and approve the internal audit program. The Quality Audit Program is reviewed by QAM on a regular basis and is updated as necessary based upon the Quality System requirements and the audit history.	COO QAM	

	Internal Audit Process		
	Effective Date: February 2022	Rev. No.:01	Doc. No.: P-QD-01

Sr	Process Cycle description	Responsibility	Forms
3	Once Internal audit program is approved by COO, QA shall prepare the Internal Audit Plan detailing the dates, auditor name, Auditee name, etc.	QA	Internal Audit Plan F-P-QD-01-03
4	Audit Preparation Prior to the commencement of an audit, QAM nominates a Lead Auditor and/or an Auditor who is independent of the activity to carry out the audit.	QAM	
5	Refer to the scheduled audit, one week as a minimum, the auditor shall notify the Project Manager / Department Head by sending an e-mail as per the detailed audit plan, after mutually agreed on the date. This is considered as a written audit notification.	QA/Auditor	
6	The Auditor may prepare audit checklist, this is based upon the audit scope and the element to be audited, and shall review the findings of previous audits and any relevant NCR's that remain open.	QA/Auditor	Internal Audit checklist F-P-QD-01-02
7	Opening Meeting The auditor meets with the Department Head to introduce the audit team and communicate the audit scope and schedule.	QA/LA	
8	Audit The auditor shall be familiar with the QMS and through the Internal Audit the following points shall be considered: – Compliance with ISO 9001:2015 standards – Conversations related to the implementation of the QMS. – Objective evidence of conformance to the QMS. – Personal knowledge of processes. – Suitability of the processes under assessment (process is meeting the requirements).	Auditor	

	Internal Audit Process		
	Effective Date: February 2022	Rev. No.:01	Doc. No.: P-QD-01

Sr	Process Cycle description	Responsibility	Forms
	– Customer and contractual requirements – Record audit observations. – Identification of areas for improvement. – Closure of existing NCR's and follow up of previous audit findings.		
9	Details of evidence asked may be noted by the auditor in the internal audit checklist form. Auditor may also ask for a copy of the evidence, if necessary and shall be allowed.		
10	Closing Meeting Once the audit is complete the auditor shall review the findings initially with the auditee. Any anomalies can be confirmed before the report preparation.		
11	Audit Report Upon completion of the audit, the Lead Auditor/QA shall: – Review all checklists, comments, and recommendations. – Prepare an Audit Report. – Raise Non-Conformance Report, where non-conformity is found with details of the objective evidence. – Distribute to all concerned parties. – Document and file reports. – Issue the report and related NCRs to Head of Department. – Update the NCR log.		Internal Audit Report F-P-QD-01-05 NCR Log F-P-QD-01-04
12	Non-Conformity Report (NCR) Auditor may raise an NCR during regular internal audits or day-to-day surveillance, where non-conformity is found with details of the objective evidence.	QAM/Auditor Auditee HoD	Internal NCR Report F-P-QD-02-01

	Internal Audit Process		
	Effective Date: February 2022	Rev. No.:01	Doc. No.: P-QD-01

Sr	Process Cycle description	Responsibility	Forms
	QAM/LA shall approve the NCR. The Auditee signs the acceptance of the findings and the Head of Department shall decide what corrective action is to be taken. NCR shall be addressed to the person who is in charge to correct the non-conformity.		
13	Correction and Corrective Action – Root cause analysis, investigation shall be invoked to determine true causes of complaints/NCRs. – Correction and corrective action shall be taken by the auditee including planned date of implementation based on the findings of the initial analysis, recorded on the NCR form by the relevant person then used to correct and eliminate the causes of failures. – The QAM shall ensure through the continuous monitoring of the Customer Complaints/NCR's that the problems and actions are discussed, addressed and implemented by the relevant Department Heads/Project Managers. – Accordingly, the QAM shall ensure that the QMS is revised (if required).	QAM	Internal NCR Report F-P-QD-02-01
14	Follow-Up If NCRs are identified during an internal/external audit, the Lead Auditor/QA is responsible to: – Follow up and ensure closure of all NCR's. – Update NCR log for tracking purpose. – Update the Audit Program accordingly, if required	QA/LA	NCR Log F-P-QD-01-04

	Internal Audit Process		
	Effective Date: February 2022	Rev. No.:01	Doc. No.: P-QD-01

Sr	Process Cycle description	Responsibility	Forms
15	The Auditor shall do follow-up audits, where necessary after an agreed time has elapsed on the audit, to verify that the agreed corrective action has taken place.	Auditor	
16	Subcontractor/Supplier Audit (2nd Party Audit) - Quality management system of Subcontractor/Supplier shall be audited by RME as and when required. - All steps of the Internal Audit (1st party audit) above are applicable for Subcontractor/Supplier Audit (2nd party audit). - A separate NCR log shall be maintained for Subcontractors and Suppliers.	QA/Auditor	

6.3 PROCESS OUTPUT

- Audit Report
- Nonconformance report
- Recommendation for Improvements

7. PROCESS RISK ASSESMENT

Included in the Risk register form no. F-P-QD-05-01 "Risk Identification and assessment" maintained by HOD to address risks and opportunities"

8. PROCESS CONTROL

- QA is responsible for maintaining all internal audit reports or copies for 1 years.

9. PERFORMANCE MEASURES

- Number of NRCs raised for each procedure/process
- Frequency and re-occurrence of non-conforming cases
- Measurement against previous audits

	Internal Audit Process		
	Effective Date: February 2022	Rev. No.:01	Doc. No.: P-QD-01

- Opportunities for improvement that can be recommended
- Planned against actual time frames to close non-conformities

10. DOCUMENT CHANGE HISTORY

No.	Revision Level	Description of Changes	Effective Date
